# 1 NSN Program

# The 1 NSN Meal Initiative...

NAVSUP has tested a process that will allow the MS to order Entrees under one National Stock Number, which includes a protein, starch, vegetable and accompanying sauce (when required), providing approximately 50 portions per case. This initiative is referred to as the 1 NSN Meal Initiative.

Currently there are 28 available NSN's that will assist the MS in their daily food operations. The NSN's cover all meals - Breakfast, Lunch, and Dinner - and the quality is outstanding.

This concept will work in situations such as: upkeep, dinner meals, breakfast meals and on weekends. It allows the MS division to focus on additional inport requirements: training, upkeep and QOL for a division that never stops!!
