

The Navy AIT Website

The Navy AIT Project Office has transitioned to the Navy Knowledge On-Line website (www.nko.navy.mil). Please start referring immediately to the NKO for any of your AIT needs.

www.nko.navy.mil -

If you are military or civilian, once you register under NKO Registration, you will automatically be accepted and asked to create a password. Once your password is deemed "good", you may go to the main page and login. The home page will come up specifically geared toward military/civilian personnel.

If you are a contractor, you must register as a guest. Please notify laureen.ramos@navy.mil by email of your registration requirement. She will in turn notify the NAVSUP sponsor. Please list "richard.jackson" as the sponsor (you must type the period in his name). Within a day you should have access to the site. The guest account will be permanent.

ALL: Once you are logged in, you will see a dark blue area on the left hand side of the screen. Select PAGES then Organizations; find NAVSUP; select it. You will come to the beginning of the NAVSUP community. Towards the top center you will see a small page named Navy AIT; select it. You will find current events, articles and related links. We are still working on the site, but will finalize it in the next few weeks.

You may want to make this page a tab on the home page so you can quickly retrieve it. To do so, while on the AIT page, slide over to the right and you will find page options; select add a tab and the Navy AIT page tab will be placed at the top of your screen. You may notice that there are areas of the page that are locked. If you cannot access these areas but believe you should have access, please notify Lauren Ramos by email or (717) 605-5954 or DSN 430-5954.

There is also a tab named "NKO library". If you select it, then select NAVSUP under "Communities" on the left, you may then double click on "Navy AIT" in the center. Select the boxes of all topics that you are interested in. Click the "Subscribe" button near the top center of the page. This will allow you access to these topic areas unless they are restricted to specific users. Also, once you subscribe, any new postings to the subscribed topic areas will show up as links on your home page to make you quickly aware of newly posted material.

If you need any assistance, please call the Navy AIT Project Office at 717-605-5954 DSN 430 between 0700 and 1530 EST M-F.
