

A Message from the Chief

Our Navy Supply Corps' Purpose, Vision and Guiding Principles are a concise, yet powerful statement of where we are headed as a Corps.

- Our Purpose provides our reason for being.
- Our Vision defines our path for the Future.
- Our Guiding Principles are the foundation on which we judge our success.

Together these three statements defined our Corps: our expectations of each other, both individually and collectively, and our future direction.

The enclosed cards are provided as a daily reminder to help you understand these statements and follow them in your daily activities. Throughout your career, you will hold positions involving great responsibility and trust. Our Purpose, Vision and Guiding Principles will guide your decision making throughout your career. They unite us with a common purpose that transcends our individual assignments to an understanding of our collective responsibility as a Corps in supporting our Navy.
