MOVING? OPTIONS TO MOVE YOUR PERSONAL ITEMS

Congratulations on your upcoming new assignment! Below is some information on the type(s) of shipments that MAY be available based on your orders:

- Personally Procured Move (PPM):
 - All aspects of the move are arranged by you (i.e. packing, loading, transporting, and unloading)
 - May use your own vehicle, rent a truck and/or trailer, hire a commercial carrier or utilize a “you pack/they load” method (i.e. PODs, U-Haul’s U-Box, etc.)

NOTE: PPMs to overseas locations may not be authorized
- Household Goods (HHG) Shipment:
 - assigned to a Transportation Service Provider (TSP or moving company) who is responsible for the packing, loading, transporting and delivery of the shipment
- Unaccompanied Baggage (UB) Shipment:
 - limited in weight based on new assignment location
 - cannot contain furniture but can contain clothing, bedding & linens, pots & pans, small electronics and collapsible baby items such as a crib, high chair, stroller, etc.
- Storage-in-Transit (SIT):
 - Temporary storage (90 days or less)
 - May be utilized at origin or destination
 - ICW a HHG shipment or PPM
- Non-Temporary Storage (NTS):
 - Long-term storage, if authorized based on orders
 - Items you do not wish to ship to your new duty station
 - Utilized at origin (pickup) location
 - Items may remain in NTS for the duration of your tour (some restrictions may apply depending on the type of orders you hold)
- Personally Owned Vehicle (POV):
 - Primarily an OCONUS authorized shipment, however, some locations have restrictions
 - Authorization within CONUS is only authorized if:
 - 1) Member is unable to drive due to medical reasons
 - 2) Insufficient time to drive to new duty station based on when orders were issued and report date
 - 3) Homeport Change, if authorized

You may be authorized more than one type of shipment such as HHG and a PPM. Orders are key in the authorization.
